4 FIRST AID MEASURES

4.1 Description of first aid measures

General advice:	Move out of dangerous area. Never give anything by mouth to an unconscious person.
Inhalation:	Move to fresh air. If symptoms persist, call a physician.
Skin contact:	Take off all contaminated clothing immediately. If skin irritation persists, call a physician.
In case of eye contact:	Irrigate copiously with clean, fresh water for at least 10 minutes, keep eye wide open while rinsing. Remove contact lenses. Protect unharmed eye. If eye irritation persists, consult a specialist.
Ingestion:	Prevent vomiting if possible. If a person vomits when lying on his back, place him in the recovers position. Never give anything by mouth to an unconscious person. Clean mouth with water. If symptoms persist, call a physician.
