* For detailed information, see Material Safety Data Sheet paragraphs 4, 5, 6, 7 and 8.

• **STORAGE CONDITIONS**

Store the drums according to local legislation. Observe the indications on the label. Store the containers between 5 and 28 degrees C, in a dry and well-ventilated place, far from sources of heat and direct solar light. Keep them far away from ignition points, oxidizing agents and highly acidic or alkaline materials. Do not smoke near the containers. Prevent the entry of non-authorized people to the warehouse. Once the containers are open, keep them carefully closed and placed vertically to avoid spills.

Scentiment, S.L certifies that the measurements detailed in this document are subject to a standard deviation range. Due to the volatile nature of some of the ingredients included in this composition, Scentiment, S.L recommends to use the product within its shelf-life period to avoid any measurement variations.
